Dear

New Town Toyota

Walk for **WOMEN'S CANCER**

In 2025, I'm walking 35km in the **New Town Toyota Walk for Women's Cancer** to raise critical funds for breast and ovarian cancer.

It'll be tough but I'm determined to do my part so that cancer stops with me.

Will you help? Please consider supporting me by donating to my fundraising page. Just scan the QR code and search for my name to donate.

All funds go to the Harry Perkins Institute of Medical Research driving groundbreaking discoveries in the fight against cancer.

Thank you for your generosity – it truly means the world to me.

Best wishes,

P.S. I'm deeply grateful for your help. Let's give the women we love the chance to live longer, healthier lives.
